Once again, Supervisor Hibbard says one thing publicly, while the records appear to show something different. Recall at the May 12, 2026, meeting Supervisor Hibbard explained how the Planning Commission would have time to review the ordinance and potentially make changes to the proposed ordinance/zoning amendment, before the public hearing. Then at the July 14, 2026, Township Board meeting discussion resulted in Trustee Hassler, Planning Commission liaison, coordinating the proposed ordinance/zoning amendment being sent to the Planning Commission. YET, according to the attorney bill, the zoning amendments were being reviewed and revised again ON JULY 23RD. This raises some important questions: Is this the transparent public process Lake Township residents were promised? Do the township board members have copies of this revised zoning amendment? Heads up: Public Hearing posted for ordinance amendments September 3, 2026, at 2PM. Township Hall.
